PROFILE

My name is Singupalli Kartik. I am currently in the 1st year of graduation. And doing Graduation from University Institute of Technology Rajiv Gandhi Proudlyogiki Vishwavidyalaya. As I am having the deep interest in software because of that I decided to pursue Bachelor of Technology from computer science and engineering. I am a person with an open mind, a team player who enjoys working with others and enjoys listening to new ideas so that it can enhance my creative skills. I enjoy playing chess and playing synthesizer at my free time which gives me a sense of relief and also helps me in understanding the importance of self-discipline and dedication.
